Supplementary details:

The rules for FIM Europe Trial Rules will be followed where the NMC rules do not cover. However, this event will NOT be a Non-Stop race. Be aware that "Kill-switch" is mandatory together with aft Sprocket Protector.

All driving in the depot, outside trialarea or on public road is prohibited. Speeding between sections is not allowed and will be reacted upon. Each lap is approximately 3,5 km .

You are not allowed to wash the bike in the lake!

All bikes to be maintained and refueled only with an environmental mat underneath.

If a participant is seen not using this mat, a fine can be imposed.

All riders and minders must wear a bib when riding.

Follow informations at the billboard by the secretariat for last updates.

Keep distance between the vehicles when parking. All vehicles should have a fire extinguisher easily available.

The depot shall be quiet between 23:00 and 06:00.

Electrical power is available for Euro 20 / SEK 220 for the weekend for each van/camper.

Issues or situations not mentioned in these rules are subject to the FIM Europa Trial rules, The FIM Europe sporting code, the FIM Tecninal rules, The FIM Enviromental code, the FMNR Medical codeand the FMNR Antidoping code. S in full.
